[Click here to view CURRENT messages held as spam.](#)

---

**For [dgregurek@sweenyisd.org](mailto:dgregurek@sweenyisd.org):**

**Challenge Emails Received**

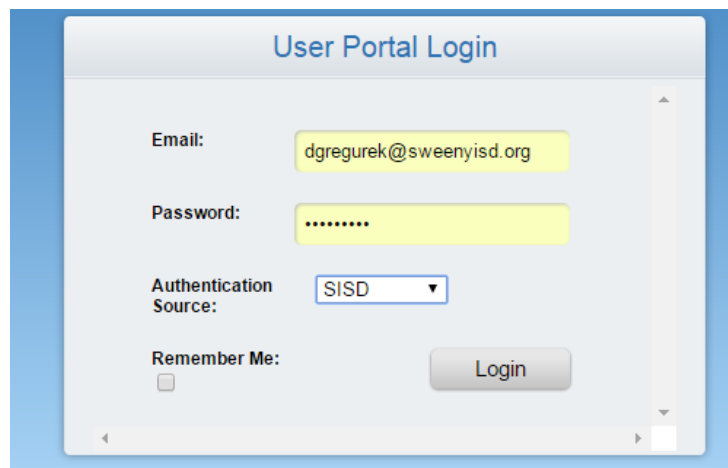

<a href="mailto:wburnham@quasardata.com">wburnham@quasardata.com</a> Is Cloud right for Sweeny ISD? 2015-07-29 10:54:54 -0500   (Reason: Challenge )	<a href="#">Deliver Once</a>	<a href="#">Always Allow</a>
<a href="mailto:egreements@microsoft.com">egreements@microsoft.com</a> Action Required: Your Microsoft License Agreement is ready for electronic signature{~90839277:1~} 2015-07-29 12:05:07 -0500   (Reason: Challenge )	<a href="#">Deliver Once</a>	<a href="#">Always Allow</a>
<a href="mailto:wci.wsmarketing@windstream.com">wci.wsmarketing@windstream.com</a>		

Users may choose to have a message delivered once, if not sure whether it is spam or not. If you are sure that it is a good message, you can click Always Allow. This will place the sender on your personal whitelist.

---

## Viewing CURRENT messages - messages received since 12:01am today

From the spam summary email, users can click **Click here to view CURRENT messages held as spam**, The following login screen will be displayed.

**User Portal Login**

Email:

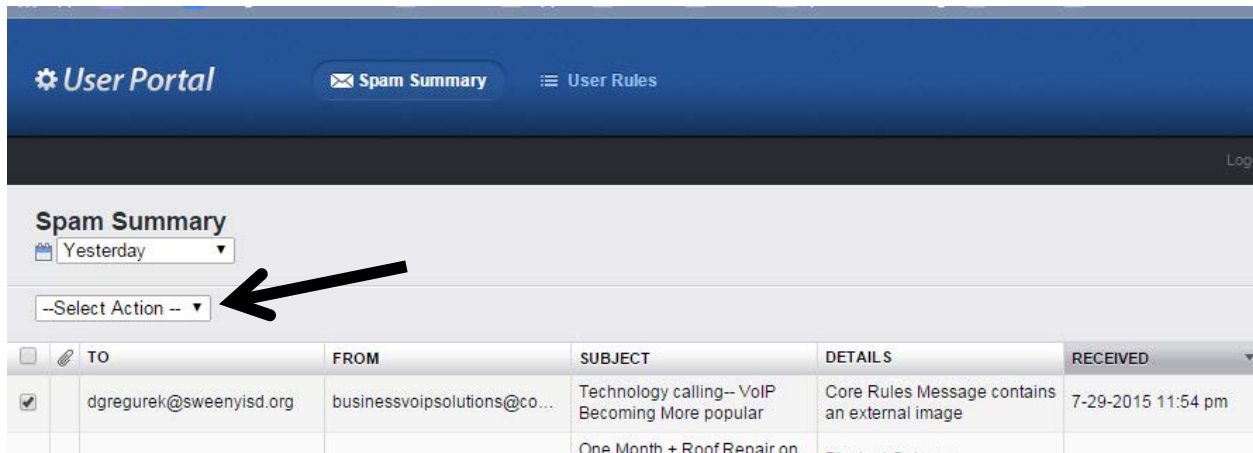

Password:

Authentication Source:

Remember Me:

Users will then need to do the following:

1. Enter their email address in the **Email** field.
2. Enter their password in the **Password** field.
3. Authentication source – change from local user to **SISD**.
4. Click **Login** to login and view emails currently held as spam.
5. Users may select an email using the check boxes. Next, a box appears that prompts to Select an Action. Emails may be Forwarded or Marked Not Spam. Forwarded will not put the sender on your whitelist.

The screenshot displays the 'User Portal' interface. At the top, there is a navigation bar with 'User Portal', 'Spam Summary', and 'User Rules'. Below this, the 'Spam Summary' section is visible, featuring a date filter set to 'Yesterday' and an action dropdown menu labeled '--Select Action --'. A black arrow points to this dropdown menu. Below the dropdown is a table of spam messages with columns for TO, FROM, SUBJECT, DETAILS, and RECEIVED.

	TO	FROM	SUBJECT	DETAILS	RECEIVED
<input checked="" type="checkbox"/>	dgregurek@sweenyisd.org	businessvoipsolutions@co...	Technology calling-- VoIP Becoming More popular	Core Rules Message contains an external image	7-29-2015 11:54 pm
<input type="checkbox"/>			One Month + Roof Repair on		

Please note:

If users receive spam that was not caught by the Spam Filter they can forward it to [spam@lightspeedsystems.com](mailto:spam@lightspeedsystems.com). Lightspeed Systems will evaluate the email and block the sender or domain if needed.
